

**MODEL RUBRIC
FOR PAPER/PROJECT SOURCES**

Every time anyone else's ideas, words, graphics, music, or other material is used, one must give credit to the original source (cite the material).

	Category	Proficient (4)	Acceptable (3)	Developing (2)	Needs work (1)	Not acceptable (0)
1	Bibliography pt.1	Includes all sources referred to in text	More than half of sources are referred to in text	Fewer than half are referred to in text	Sources not referred to in text	No bibliography
2	Bibliography pt.2	Citations formatted correctly and consistently in a particular style	More than half are correctly formatted	Fewer than half are correctly formatted	No clear style used; cannot find sources with info presented	No bibliography
3	In-text references	Each points to a source listed in bibliography; Correctly formatted	More than half point to a source listed in bibliography and are correctly formatted	Fewer than half point to a source listed in bibliography and are correctly formatted	References are incorrectly formatted and are not included in bibliography	No in-text references
4	Sources pt.1	Each source contributes clearly to the point being made	More than half contribute clearly	Fewer than half are relevant	Unclear how any of the sources are relevant	No sources used
5	Sources pt.2	Each source is trustworthy and provides evidence (a bibliography), considering the purpose of the paper, the point of view and the level of the student writer	More than half are trustworthy and cite sources themselves	Fewer than half are trustworthy and do not provide a bibliography	Sources are untrustworthy and do not provide a bibliography	No sources used
6	Number of Sources	There are enough sources to support the purpose of the paper yet not overwhelm it Sources used appropriately to demonstrate the foundations of creative thinking	Sources used appropriately with clear, though conventional thought	Sources used appropriately but no clear thinking apparent	Too few sources used to support paper or too many sources used—cannot see student's own thinking	No sources used
7	Point of view	Sources represent multiple perspectives	Two points of view represented by sources	Only one point of view represented	Point of view shows unacceptable bias	No sources used
